# philosophy

When we started Sunny in 2003, our goal was to develop natural, effective, beautiful and affordable skincare for ourselves and our friends. Today, this is our promise to you, as we continue to make everything in small batches by hand, using only the highest quality ingredients available. Enjoy!

## we use...

- Naturally sourced herbs, salts and oils
- Pure, botanically derived essential oils
- Re-useable and recycleable packaging and containers
- Word of mouth, a little bit of elbow grease and a solar powered calculator.

## we do not use...

Animal derived ingredients  
Artificial fragrances  
Artificial colorants  
Formaldehyde  
Genetically modified crops  
Lead  
Many nut-based ingredients  
*(Please contact us for ingredient information before ordering if you have nut allergies or any other allergies)*  
Nano particulates  
Parabens  
Petroleum by-products  
Talc

***And we have never and will never test on animals. Ever.***
